

Reference for Bohemian Alternative Tours

I can genuinely say that working with Bohemian Alternative Tours (B.A.T.) was one of the best experiences I have had dealing with an event coordination company. And as I've been running multiple global events annually, all over the world, for the past 15 years, I can assure you that is high praise.

Nothing was a problem for Daragh, Bazka and the entire team. I had multiple visits in the build up to the event, and they were the perfect hosts. They really took the time to show me as many options as possible for the various aspects of our event, from dinner locations and tour options. I also liked that I never felt like I was being sold or pushed. Daragh was very patient in making sure we found the perfect options available for our large group.

Another thing that impressed me was B.A.T.'s local knowledge and connections. At the dinner venue we chose, there was a big issue with parking for the large number of coaches we required and I was concerned that our guests would get lost in the crowd on the long walk. However, with some phone calls and emails, B.A.T. were able to secure special permission from the local council to allow us to park in the pedestrianised centre. This meant the coaches could stop right outside and it was incredibly convenient.

During the execution of the event itself, the entire team were extremely professional and welcoming to all our guests. The transportation went so smoothly and I was pleasantly surprised by the vast number of guides and support that B.A.T. provided to make sure our 350+ guests were all able to get to and from each aspect of the 4 day event.

Being able to deal with Daragh, a native English speaker, made everything so much more efficient. Nothing was ever lost in translation and I never had to clarify things. It made my life a lot easier. And then his local and extremely competent team were then able to go out and arrange the final details.

At the closing ceremony, it was great to see B.A.T. interacting with the guests and the many compliments they received for helping to execute the 4 day event flawlessly.

B.A.T. is able to assist with every local aspect you could imagine. From venues, transportation, photography, videography and even our local printing requirements. They had connections for it all of it and options to suit all budgets.

As I hope you can see from my experience above, I can highly and confidently recommend Bohemian Alternative Tours!

If anyone is considering working with B.A.T. and would dlike any more information, I am happy to discuss further and can be contacted on my details below.
